

2021/22 PE & SPORT GRANT ALLOCATION

Physical activity improves physical, social and emotional health & wellbeing.

At Herringthorpe Junior School, we believe in the importance of promoting a healthy lifestyle, ensuring that PE and Sports play an integral part in each child's life. As a Healthy School, we encourage physical activity for all pupils to make sure that sport has a positive impact on each of the lives of our young children. We are extremely committed and dedicated to using the existing Sports Premium to develop high quality PE lessons, alongside providing greater opportunities for sporting competitions and clubs for all our young people.

What does the Sport Premium mean for our School?

'Schools must spend the additional funding on improving their provision of PE and sport, but they will have the freedom to choose how they do this' (DfE June 2013). The Sports Premium for our school also helps to achieve our key aims.

Our key aims are:

- To encourage all pupils to be active for at least 30 minutes each day.
- To raise participation in sport within school for all pupils.
- To promote sport values through all activities: Conduct, Participation, Passion, Respect, Teamwork, Determination, Self-belief, Honesty.
- To be proactive in encouraging all pupils to be active at school to support in addressing the growing obesity issue. [20/21 summary NCMP 25.5% obese in England in Y6]
- To encourage emotional well-being through targeted activity.
- To promote healthy lifestyle choices within school and the wider community.

The Spending Plan objective is to improve the provision of PE and Sport to benefit all children who are part of the School. Herringthorpe Junior School has taken account of the following factors and have used the legacy funding to:

- Increase participation rates in activities such as games, dance, gymnastics and athletics.
- Increase the children's achievement and success in competitive school sports.
- Ensure the inclusivity of physical education for all children.
- Offer a range of provisional and alternative sporting activities.
- Improve our partnership work on Physical Education with other schools and local partners.
- Develop links with other subjects that contribute to pupil's overall achievement and their greater social, spiritual, moral and cultural skills.
- Ensure a greater awareness amongst pupils about the dangers of obesity, smoking and other such activities that undermine pupils' health.

We have used funding to allow long-term sustainability in sports provision to improve the quality of Physical Education for all of the children in our School.

Currently, we have dedicated staff members who provide CPD support for the teaching staff to encourage the delivery of outstanding PE sessions. They work alongside members of staff each week to enhance and increase their subject knowledge in teaching a range of PE lessons. We are also continuing to invest in our PE Scheme of work (Get Set 4 PE) which provides a wide range of

CPD opportunities and training events for all staff.

Our PE co-ordinator regularly liaises with the Local School Sports Partnership and attends competitions and sporting events alongside the children to encourage the pupil's participation in sports.

Lunchtime and break time sports sessions are available for the children on a daily basis with the Play Leaders supporting the sporting activities. A wide range of sports activities are available, such as circuit training, football and spinning classes. During break times, the children on the yard are encouraged to access a range of sporting equipment and are led in team sports and games by support staff and the Playground Leaders.

Sports *Class Challenges* are held throughout the week and are run by our Sports Co-ordinator for the children to participate in. Each day, children take part

in The Daily Mile. This is a short burst of activity that all classes participate in every afternoon to improve learning readiness, concentration and behaviour. Swimming lessons are also provided in the Summer Term at the local swimming pool for each child in Year 4.

During Breakfast Club, sporting activities are available for the children to encourage a healthy lifestyle and to help the children develop teamwork skills. A wide range of after school clubs are also available, such as basketball, team sports, football and tag-rugby.

Sporting events are held regularly throughout the school year. Each year, our school participates in the *Willow Tree Academy Olympics* where our 4 Academy Schools work collaboratively together in a variety of team sports. Medals are awarded to the winners in an Olympic style ceremony.

Charity sports events such as the Santa Dash and Sports Relief are held annually where classes are asked to participate in a sporting event to raise money for a worthy cause.

We also have access to *Sports For Champions*, an organisation which provides training from a professional athlete. The children raise money and are sponsored to participate in a circuit training session with the athlete.
